

Admission Guidelines and Procedures for New Entrants

New Entrants – Standard Applicants

Applications for admission to Carlow College, St. Patrick's (hereafter Carlow College) will be processed in accordance with the regulations, procedures and timetable as set out by the Central Applications Office (CAO). Standard applicants are considered to be applicants who are applying for entry on the basis of examinations/qualifications only.

Applicants must satisfy the minimum entry requirements for the relevant programmes. The criterion for determining eligibility for the 'Free Fees Initiative' is also applicable to new entrants. Further details are available in the *Fees and Refunds Policy*.

In order to apply for a programme of study at Carlow College, the following should be noted:

1. Application to the CAO

Applicants who are school-leavers must apply through the CAO. Application forms are available from the CAO directly (Tower House, Eglinton Street, Galway) and online at www.cao.ie. The closing date for receipt of applications (without a fee) is the 1st February each year. The closing date for receipt of applications (with a fee) is the 1st May each year. The full application procedure is detailed in the CAO Handbook.

2. Minimum Entry Requirements

The minimum entry requirement for a Level 6 / Level 7 programme is five subjects at Ordinary Level Grade O6 or higher. For a Level 8 programme an applicant must obtain six subjects at Ordinary Level Grade O6 or higher, to include at least two Higher Level Grade H5 or better. Mathematics is not a requirement for any programme available at Carlow College. English, Gaeilge, or any other language satisfies the language requirement.

The LCA does not meet the entry requirements for Carlow College programmes. Holders of the LCA may gain entry through FETAC Levels 5/6 Award Scheme.

Leaving Certificate Vocational Programme (LCVP Link Modules)

Carlow College awards points for results in LCVP link modules in place of a Leaving Certificate subject. Points awarded are as follows:

LCVP Grade	Points
Distinction	66
Merit	46
Pass	28

Mathematics Bonus Points

A bonus of 25 points will be allocated to applicants who achieve a grade H6 or above in higher level mathematics. Therefore, the cumulative Leaving Certificate maximum points total will increase from 600 to 625 (existing mathematics points plus bonus points). All students presenting H6 or above will have 25 points added to their mathematics score. The six highest subject points score will then be counted to achieve a cumulative points score as is normal practice.

Bonus points will only be relevant in cases where higher level mathematics is scored as one of the applicant's six best subjects for points purposes. Bonus points will be awarded irrespective of the year in which examinations were taken.

Foundation Level Mathematics

Foundation Level Mathematics is accepted as one of the subjects required for entry to programmes at Carlow College.
