

## Moodle visual guide

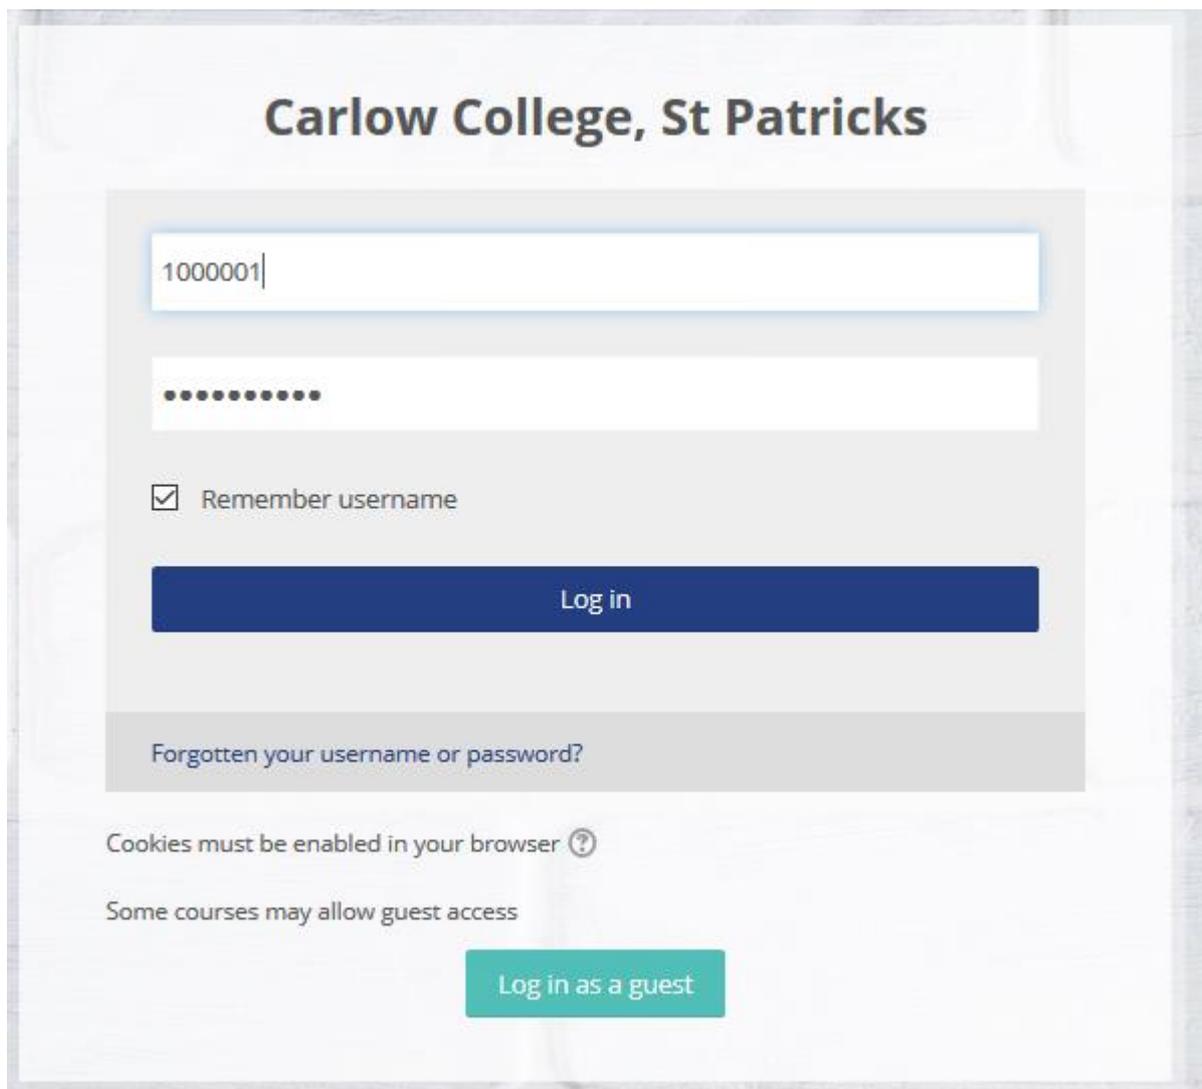

Access Moodle through the link in the top banner of the Carlow College homepage.

Sign in with your college details

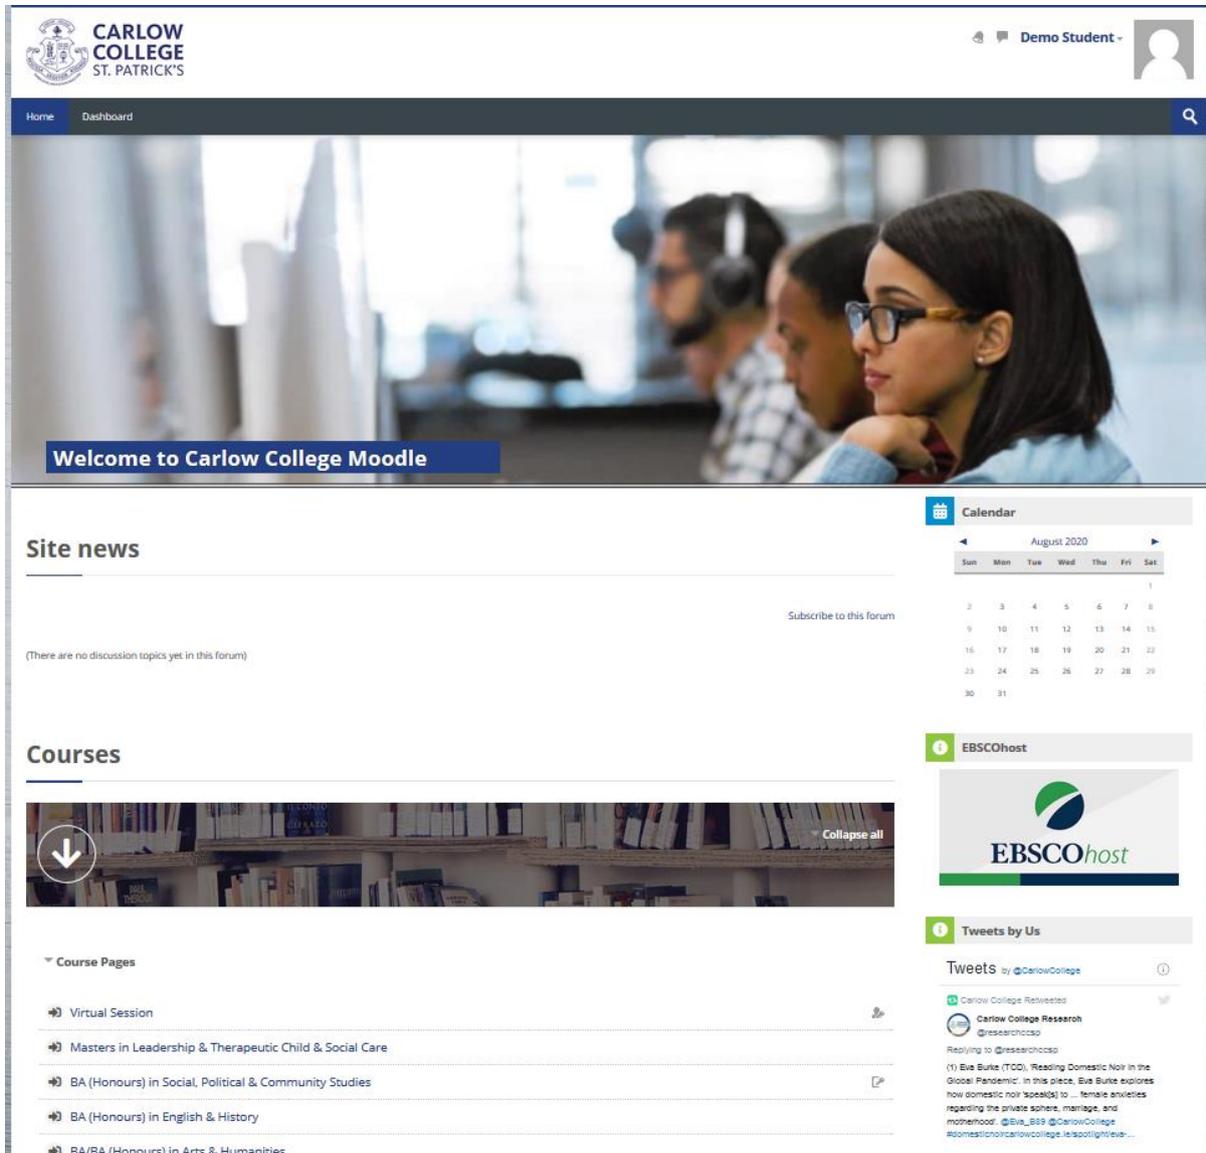

Username : Your student number as it appears on your student card.

Password : The password you were issued on registration.

A screenshot of the Moodle login page for Carlow College, St Patricks. The page has a light blue background with a large, faint image of a building. At the top, the text 'Carlow College, St Patricks' is displayed in a bold, dark font. Below this is a login form with a white background and a light blue border. The form contains a username input field with the text '1000001' entered, a password input field with ten dots, a checkbox labeled 'Remember username' which is checked, and a dark blue 'Log in' button. Below the form is a link that says 'Forgotten your username or password?'. At the bottom of the page, there is a message: 'Cookies must be enabled in your browser' with a question mark icon, and another message: 'Some courses may allow guest access' with a teal 'Log in as a guest' button.

## The Home Page;

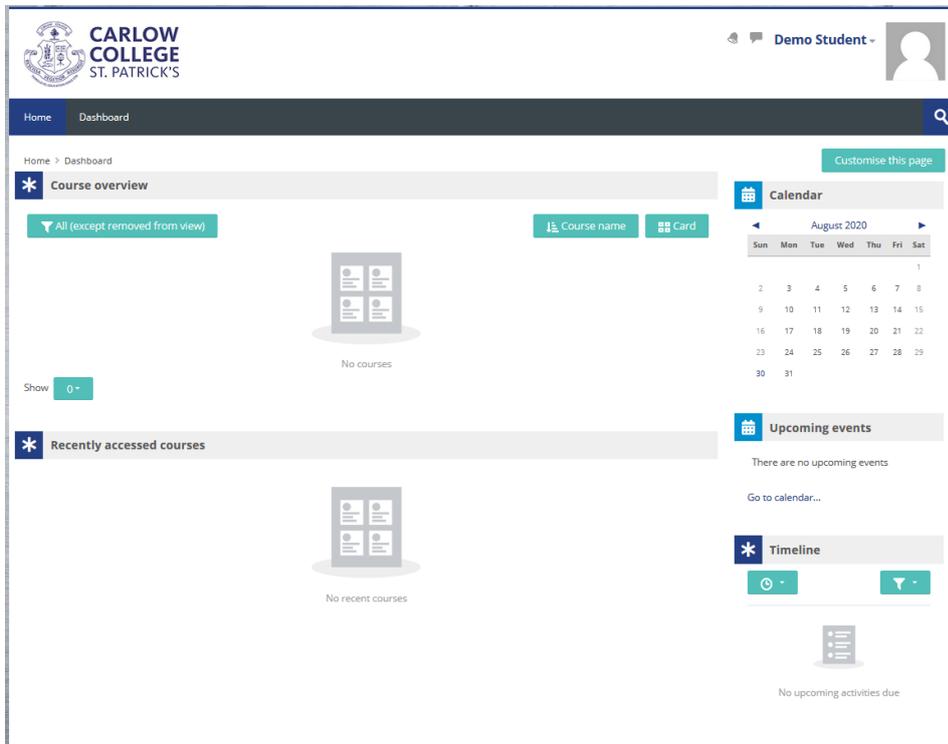

The first screen you will see is the Home page, where you can see a list of all the courses offered on Moodle, and important announcements. This is not the main page that you will focus on however. You will need this page to add the courses you need access to your own profile.

The screenshot displays the Moodle Home page for Carlow College. At the top left is the Carlow College logo, and at the top right is the user profile for 'Demo Student'. Below the header is a navigation bar with 'Home' and 'Dashboard' links. A large banner image shows students in a classroom, with a blue overlay box containing the text 'Welcome to Carlow College Moodle'. The main content area is divided into several sections: 'Site news' (with a 'Subscribe to this forum' link and a note that there are no discussion topics yet), 'Courses' (with a 'Collapse all' button and a list of course pages including 'Virtual Session', 'Masters in Leadership & Therapeutic Child & Social Care', 'BA (Honours) in Social, Political & Community Studies', 'BA (Honours) in English & History', and 'BA/BA (Honours) in Arts & Humanities'), 'Calendar' (showing August 2020), 'EBSCOhost' (with the EBSCOhost logo), and 'Tweets by Us' (showing a tweet from Carlow College Research). The 'Courses' section is currently collapsed.

## The Dashboard and adding courses

At the top of the page you can see a tab for Dashboard beside the Home tab. Click on this tab and you will see a screen like the below;

To begin with you will be missing the modules you need access to, so you find them by using the search bar at the top right of the toolbar.

Click on the course you need, and you will see a screen like the below;

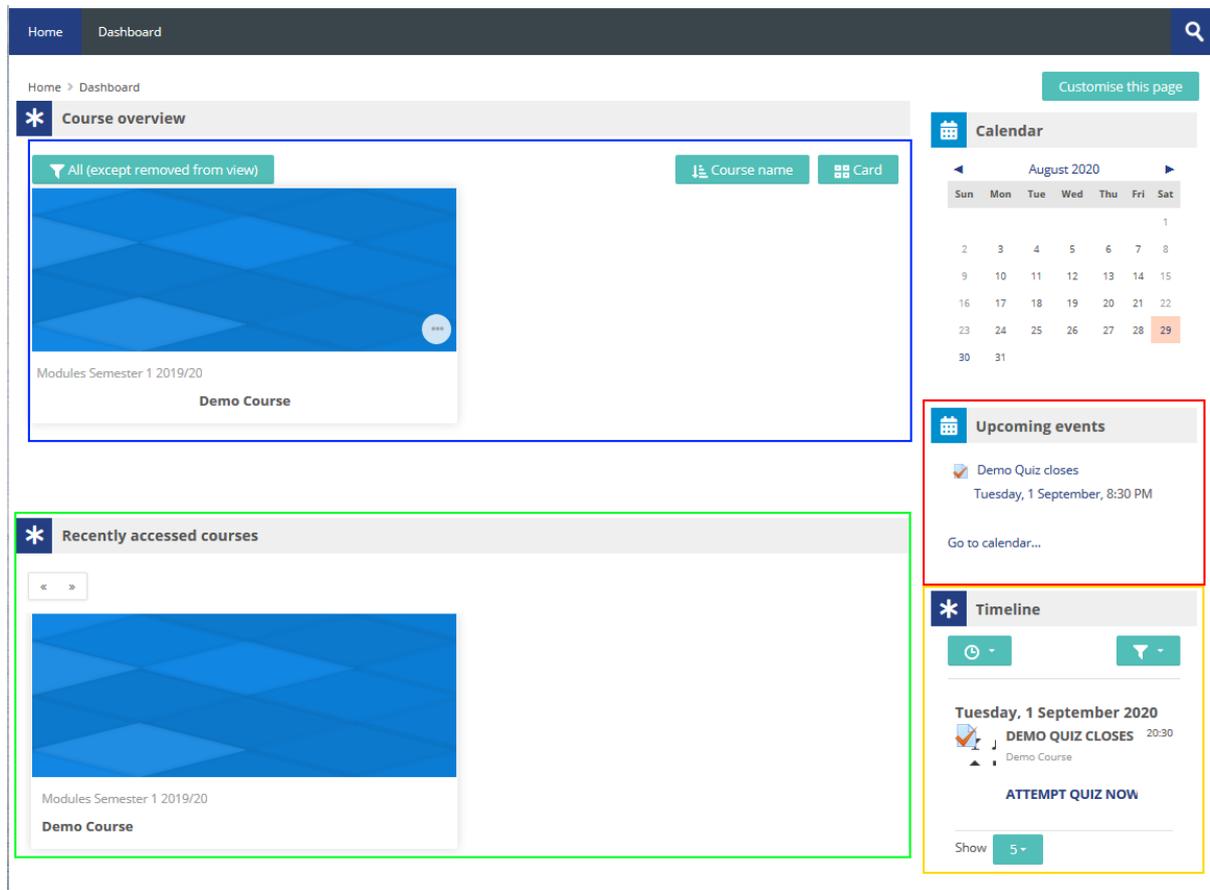

The screenshot shows the course selection interface. On the left, a list of courses is displayed: 'Demo Course', 'Abnormal Psychology', 'Academic and Digital Skills', 'Advanced Social Psychology', 'American Literature 2: 20th Century US writing', and 'Ancient Greek Philosophy'. An arrow points from 'Demo Course' to the right. On the right, the 'Enrolment options' section is visible, showing 'Demo Course' and a 'Self enrolment (Student)' option. Below this, there is an 'Enrolment key' field with a masked input (dots) and an 'Enrol me' button.

## Enrolment Keys

Enrolment Keys are 3 digit codes needed to access the modules on Moodle that you will need. You should be issued these codes at the beginning of the year, and you can also get them in the Academic Admin Office. Simply enter the 3 digit code, hit Enrol Me and you now have access to the

module for the year. Your Dashboard will update with the courses you have enrolled on, so you can easily find the courses you need.

With some courses added, your Dashboard will look more like this;

The 4 main sections are highlighted in the image above.

**BLUE AREA** All courses. You will see a full list of all your modules here. You can filter these tiles with the button at the top left of the blue area (Marked All (except removed from view) in the image above. You can also change the ordering and how the tiles are displayed with the buttons in the right of the blue area.

**GREEN AREA** Recent courses. The most recently accessed courses can be seen and quickly accessed here.

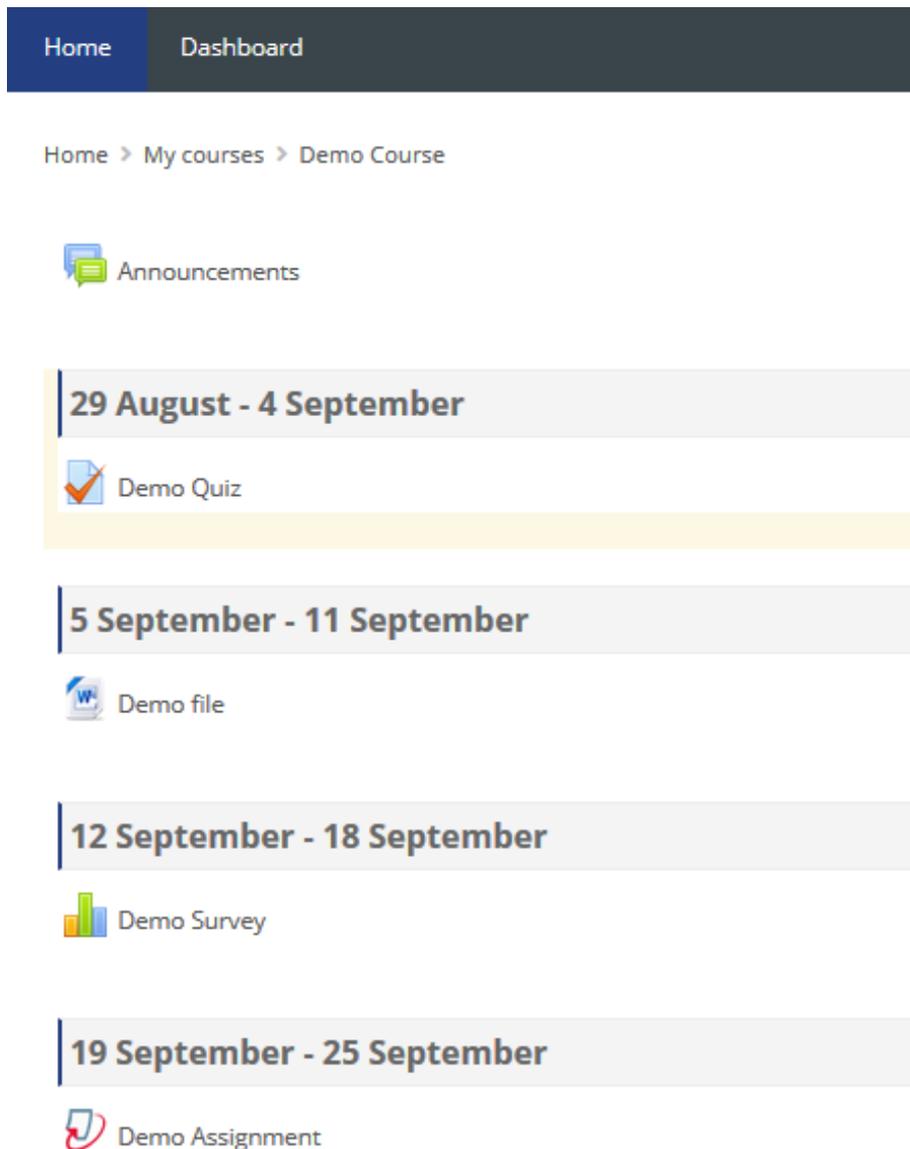

**RED AREA** Upcoming events. You will see notifications of all types here, from activities in courses to events that lecturers have created.

**YELLOW AREA** Timeline. This area will notify you about upcoming activities that are reaching a deadline, it will serve as a reminder when you have activities that need to be completed soon.

**\*IMPORTANT\*** This area will only show activities that are close to a deadline, not beginning. You will want to keep an eye on your modules and keep up to date with your lecturers to take care of activities sooner rather than later.

## Inside the module

After you have enrolled into a course, you will see something like the below;

The screenshot shows a Moodle course dashboard. At the top, there are two navigation tabs: 'Home' (highlighted in blue) and 'Dashboard' (in a dark grey bar). Below the tabs is a breadcrumb trail: 'Home > My courses > Demo Course'. The main content area is divided into four sections, each with a date range and an activity icon:

- 29 August - 4 September**: Includes a 'Demo Quiz' activity, represented by a blue checkmark icon.
- 5 September - 11 September**: Includes a 'Demo file' activity, represented by a blue document icon with a 'W'.
- 12 September - 18 September**: Includes a 'Demo Survey' activity, represented by a colorful bar chart icon.
- 19 September - 25 September**: Includes a 'Demo Assignment' activity, represented by a red document icon with a circular arrow.

These are the main types of resources that will be a part of your Moodle experience.

**Announcements** is where your lecturer will post major announcements for the module.

**Quizzes** are short assignments that are completed in Moodle, these can either be informal knowledge tests that are there for you to check your progress or formal tests that will only allow 1 attempt and apply strict anti-cheat protocols.

**Surveys** are likewise completed in Moodle, and are for formally gathering information about your knowledge level, giving feedback and whatever else your lecturer may ask you to answer.

**Turnitin Assignments** are where you will submit your digital essays for grading. The Turnitin system has it's own section on the following page.

## Turnitin Submissions

Turnitin is the digital plagiarism checker used in Carlow College. You will submit your digital essays to a Turnitin link where it will be automatically checked for plagiarism. Your lecturer will later manually grade the essay, and you can see your grade via the same link you submitted to.

Note that the first time you use a Turnitin link, you must accept the Turnitin User Agreement before you can submit.

Home > My courses > Demo Course > 19 September - 25 September > Demo Assignment

My Submissions

You must accept the latest Turnitin User Agreement before you can make a submission. Please [click here](#) to read and accept the Agreement.

For your first submission, you should get a similarity report available immediately. This will highlight any areas that are flagged as possibly plagiarism and give a % score of how much of your submission has been flagged.

For your second and beyond submission if resubmitting is allowed, you will need to wait 24 hours before you can get a fresh similarity report.
